SUMMARY

A highly motivated and results-oriented Bachelor of Technology student with a strong foundation in full-stack web development and database management. Eager to apply problem-solving skills and technical expertise to contribute to innovative software solutions. Proficient in HTML, CSS, JavaScript, ReactJS, Node.js, Express.js, SQL, and MongoDB.

EDUCATION

Jain (Deemed-to-be) University – Bengaluru, Karnataka, India

Bachelor of Technology in Internet of Things

- Expected Graduation: May 2027
- CGPA: 8.4/10.0

Don Bosco School – Silchar, Assam, India

- 12th Board Examination (78%) - Completed: 2023
- 10th Board Examination (87%) - Completed: 2021

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, ReactJS
- **Backend:** Node.js, Express.js
- **Databases:** SQL, MongoDB
- **Tools & Version Control:** Git, GitHub

PROJECTS

1. Wanderlust - Online Rental & Travel Listing Platform [[visit here](#)]

- April 2025 – May 2025
- Developed a **full-stack web application** for discovering and managing rental properties and holiday destinations, enabling users to browse, view details, and potentially contribute listings.
- Built a robust backend using **Node.js** and **Express.js** to handle API requests and interact with a **MongoDB database**, ensuring efficient data storage and retrieval.
- Designed and implemented a user-friendly frontend to create a **responsive and intuitive interface** for displaying property details and search functionalities.

2. Kanban Board - Full-Stack Task Management [[visit here](#)]

- December 2025 – January 2026
- **Architected a full-stack Kanban application** featuring a React frontend and a RESTful API to facilitate organized, multi-stage task management.
- **Implemented secure User Authentication** using **JWT (JSON Web Tokens)** and **BCrypt**, securing user data and enabling private, user-specific task views.
- **Integrated asynchronous UI notifications** using **React-Toastify**, improving user experience with real-time feedback for authentication and data operations.
